

ICCAI 2024

Maximizing Clinical Impact of Algorithmic Innovation (AI) in Critical Illness: Artificial Intelligence from Academia & Industry to Government

Co-hosted by the Uniformed Services University with support from HJF

Time	Day 1 Wed, 4 Sep	Day 2 Thu, 5 Sep	Day 3 Fri, 6 Sep
8:00 - 8:30		Poster Viewing	Poster Viewing
8:30 - 9:00	Opening Ceremony		
9:00 - 10:00	Keynote	Keynote	Keynote
10:00 - 12:00	Session 1: Evaluation and Deployment Approaches for ML-based Clinical Applications	Session 3: Fusing Model-Driven and Data Approaches	Session 5: Data: Collection, Quality, Harmonisation and Benchmarking
	Panel Discussion	Panel Discussion	Panel Discussion
12:00 - 12:30	Abstract Session A1	Formal Poster Presentations	
12:30 - 14:00		Lunch break and poster viewing	
14:00 - 16:00	Session 2: Data assimilation for mechanistic models of physiology - from theory to clinical impact	Session 4: Industry and AI-driven decision support that works	Session 6: Regulatory and Normative Aspects of AI in Medicine
15:30 - 16:00	Abstract Session A2	Formal Poster Presentations	Concluding Remarks and Prize Presentation
16:00 - 18:00	SCAI Business Meeting (all attendees)	Abstract Session A3	
18:00 - 22:00		Banquet
